

Hi Folks,

Just an update to keep you informed of some changes to Lawson Way competition dates. Please note the amended details: ALL Thursday evenings - Timed and Precision (the old PP1) plus the addition of 22 Practical pistol (LBP), so no excuses for not using your 22 pistol holster etc. - *emphasis on fun and enjoyment*, so come on down!!

In an effort to alleviate some pressure / restrictions on Probationary members attending full bore rifle shoots at Catterick the committee have agreed to modify the range donation to £5 per visit (plus the cost of any ammunition used on the day).

Membership is at a record 230 happy souls. This must be the highest ever level in the clubs' proud history. Long may it continue.

With this phenomenal membership level it has never been more important to wear your membership badges when attending ALL club ranges / shoots.

NO BADGE = NO ADMITTANCE = NO EXCEPTIONS.

Just a gentle reminder for those who don't know, or have forgotten, reloaded / home loaded ammunition is strictly forbidden to be sold to other members or guests UNDER ANY CIRCUMSTANCE!

The 'honesty' box at Lawson Way appears to be working for tea, coffee and cans, so well done. However, the kitchen does not clean itself! - please leave it as you find it by washing and putting your cups away and placing any used cans in the GREEN bins provided. Mop up any spills and take extra care along the corridor floor. *Biscuit donations always welcome!*

You could always attend on a Saturday morning and help with routine cleaning etc. instead of leaving the maintenance to the usual fairies.

Please feel free to borrow any of the books situated in the lounge at Lawson Way - fresh book donations always welcome.

There are still some annual club trophies to collect, in the lounge at Lawson Way so if you won one last year please call and collect, it will have your name attached to it.

Probationary members please note: The last organised Training Day for 2017 Black powder, Underlever and .22 Rifle is on Saturday 19th August at Moorsholm - start 9.30.

Member Alan Hutton, who is a qualified NSRA RO training coach, has volunteered to run a training session at Lawson Way for .22 Firearms and Air rifle. Will any interested members please contact the Sec as soon as possible to enable a suitable date to be arranged.

A question has been asked regarding Sports members using Moorsholm outdoor range. Unfortunately Moorsholm is an open firearms facility and Sports members can only attend when the range has previously been allocated for Soft air or practical archery competition dates. Sports members wishing to experience shotgun, clay shooting (every 3rd Sunday of each month) may, in the capacity of a visitor/guest take part, up to a maximum of five visits. All are welcome!

Wanted for Lawson Way - paving slabs, weed killer.
for Moorsholm - scaffolding boards, chicken wire.

Western shoot September 24th. Following the competition there will be a 'bring your own' barbeque - why not bring your other half down to see what you get up to at Moorsholm! Inexpensive disposable barbys available at most supermarkets, so come on down and have a laugh and relax afterwards - ALL WELCOME!

The cameras are working at Moorsholm, it's surprising what goes on there - all recorded - even those who spend more time drinking tea than actually shooting!
